

4th European Wool Day

9 April
European Wool Day®
2024

"New Routes of Wool towards a Sustainable Future"

Based on its properties and potentials, wool has a role to play in the economy and the well-being of Europe as it can answer contemporary sustainability needs.

We will show the versatile use of wool across Europe, building on the similarities and displaying the unique solutions that could be implemented elsewhere.

Main Topics

- 14:30 / Welcome Notes
- 14:40 / **Greek Routes of Wool** towards a Sustainable Future
- 15:30 / **New Routes of Wool** towards a Sustainable Future across Europe
- 17:30 / **Therapeutic Knitting**
